

PRESS RELEASE

Rico Feller joins Global Commodities Holdings' Board of Directors

LONDON, 2 June 2025

Global Commodities Holdings (GCH) is delighted to announce the appointment of [Rico Feller](#), Head of Group Business Controlling at EP Resources, to its Board of Directors.

Mr Feller brings extensive experience to the Board, having held senior corporate finance roles at leading firms including Glencore and Xstrata.

His appointment follows EP Resources' recent acquisition of a strategic stake in Global Commodities Holdings. This collaboration comes at a pivotal moment for GCH, as the company expands its pioneering model of standardisation and price transparency into new markets—such as Class 1 nickel, manganese, alumina and bauxite, and other critical materials essential to the global energy transition.

##

About Global Commodities Holdings

Following more than two decades of providing a standardised, transparent marketplace to the international seaborne coal market through globalCOAL, Global Commodities Holdings has expanded its offering by adapting its model to provide a venue for the trading of physical metal commodities based on standardised T&Cs. The objective, verifiable pricing data generated by sales and purchase activity on the platform is used to generate robust benchmarks, calculated on the basis of a tried-and-tested methodology. This transformative model has been applied to the market for Class 1 nickel, with more metal commodities in development.

About globalCOAL®

globalCOAL was founded by leading members of the world coal industry to promote screen trading of standardised coal products. The company has developed the world's leading electronic marketplace for thermal coal, as well as a range of standardised coal quality specifications, a Standard Coal Trading Agreement (SCoTA®), and robust methodology for coal price index calculation. globalCOAL is also cooperating with leading energy exchange ICE Futures Europe to develop the coal Futures market.
